

Material Safety Data Sheet / 01 222B Red Neoprene Sponge

ISO9001, ISO14001, ISO45001
Certificate Ref: 11738

1 - Identification of Substance / Preparation Product Code:

| | |
|-----------------------|------------------------------|
| Product Code | 222B |
| Manufacturer/Supplier | Advanced Seals & Gaskets Ltd |
| Address | Polymer Works |
| Phone Number | +44 (0) 1384 252555 |
| Fax Number | +44 (0) 1384 252373 |

2 - Hazards Identification:

| | |
|-------------------------------------|---|
| Risks for human and the environment | This product does not present any risk in normal prescribed use and conditions : physical, converting, bonding. |
|-------------------------------------|---|

3. Composition / Information on ingredients

| | |
|-------------------------------|--|
| Definition of Product (REACH) | Article |
| Components | - |
| - | Formulation based on elastomers, with minerals and organic fillers, plasticisers, and various ingredients, with halogen, and sulphur vulcanized. |
| - | In actual state our knowledge and experience, the articles concerned by this safety data sheet do not contain any dangerous substances in quantities requiring us to register the present section, in accordance to European Union rules / legislation and national rules. |

4 - First Aid Measures:

| | |
|------------------|--|
| First Aid – Eyes | In case of irritation, consult a doctor. |
| First Aid – Skin | In case of irritation consult a doctor. |

5 - Fire Fighting Measures:

| | |
|--|---|
| Suitable extinguishing agents: | Mist water, foam, dry chemical powder or carbonic gas(CO2) |
| Unsuitable extinguishing agents for safety reasons | Not determined. |
| Hazardous combustion products | - Oxides of carbon - Oxides of sulphur - Halogen composites |
| Protective equipment for fire fighters | Appropriate protective equipment to combat fire with a self contained breathing apparatus(SCBA) |

6 - Accidental Release Measures:

| | |
|------------------------------------|-----------------------------------|
| Person related safety precautions: | No specified measure is required. |
| Environmental safety precautions | No specified measure is required. |
| Method for cleaning or collecting | Collect manually or mechanically. |

7 - Handling and storage

| | |
|----------|---|
| Handling | The handling must take place in a sufficiently ventilated facility or must be equipped with an aspiration system. inhalation of vapours and dust must be avoided. |
| Storage | The product does not present any risk at / for storage. |

8 - Exposure Controls / Personal Protection:

Material Safety Data Sheet / 02 222B Red Neoprene Sponge

ISO9001, ISO14001, ISO45001
Certificate Ref: 11738

| | |
|----------------------------------|---|
| Exposure limits values | Not available / undetermined. |
| Control of professional exposure | Hygiene measures: wash hands thoroughly before eating, smoking and using the restrooms, as well at the end of the work day. |
| - | Respiratory protection: in case of formation of dust, while manufacturing, wearing a EN 149 FFP2 approved mask is recommended. |
| - | Hand protection: not necessary, except in cases of exceptional skin allergies for which soft cotton gloves are recommended. |
| - | Eye Protection: while manufacturing with projection of dusts is occurring, wearing safety glasses with lateral protection is recommended. |
| - | Skin protection: not necessary. |

9 - Physical and Chemical Properties:

| | |
|---|---|
| 9.1 General information | Form: Micro porous solid, flexible and elastic |
| - | Colour: Red |
| - | Odour: slight smell of ammonia |
| 9.2 Important information regarding / related to health, security and environment | Flammability: self igniting temperature > 350 C |
| - | Density 0,070 to 0,340 kg/l (20 C) |

10 - Stability and Reactivity:

| | |
|----------------------------------|--|
| Stability | |
| Hazardous decomposition products | |

11 - Toxicological Information:

The product does not present any toxicological risk and does not contain any substances listed in CMR.

12 - Ecological Information:

The product is totally indissoluble in water, if correctly handled, it is ecologically safe. The product is not readily biodegradable.

13 - Disposal Considerations:

According to local regulations, the product may be disposed of by burning in an incinerator approved or directed to a landfill as industrial waste (DIB).

14 - Transport Information:

Not dangerous for transportation. Keep away from food.

15 - Regulatory Information:

This product is not classified under the European Community legislation.

16. Other information

Under the reach regulation, this product is an article that is not subject to SDS. The present document has no binding in terms of regulation or contract. ASG is providing this document as a voluntary service to our customer in a form familiar to most users to inform them of appropriate downstream requirements and tips for using the product.
